

THE ONLY ADJUSTABLE GASTRIC BALLOON

- ✓ Outstanding weight loss results
- ✓ Outstanding success rates

OUTSTANDING RESULTS

Spatz3 is the first and only adjustable gastric balloon, achieving outstanding weight loss results in FDA clinical trials:

- ✓ **15% weight loss**
- ✓ **84% success rates**

Customizes balloon size to patient needs

Extra weight loss after up adjustment

Down-adjustment alleviates intolerance

Jeffrey Brooks, M.D.

Gastroenterologist, founder of Spatz FGIA, Inc. The Inventor of the Spatz Adjustable Gastric Balloon System, Dr. Brooks, together with the Spatz R&D team, have fine-tuned the device and trained hundreds of clinicians since 2010. "We are proud of the FDA trial results in which the first and only adjustable balloon has reached outstanding weight loss results, and more importantly, has achieved an enviable success rate of 84%."
